

**ARR GLOBAL**

EXPORT & IMPORT PVT. LTD.

Industrial Goods & Raw Materials

Technical specification sheet

Minerals, metals, activated coconut shell carbon, refrigerator and air compressors, essential oils, animal tallow and specialized bio-based products.

Products

Product	HSN (indicative)	Grades / forms
Minerals	Chapters 25–26	Industrial minerals and ores
Metals	Chapters 72–81	Ferrous and non-ferrous metals
Activated coconut shell carbon	3802 10	Granular and powder grades for water and air treatment
Refrigerator compressors	8414 30	Compressors for refrigeration equipment
Air compressors	8414 80	Reciprocating and screw air compressors
Essential oils	3301	Steam-distilled oils for fragrance and food
Animal tallow	1502	Edible and industrial grades
Specialized bio-based products	As per product	Bio-based raw materials to buyer specification

Quality parameters tested

Chemical composition and purity · Particle size and mesh · Iodine value (activated carbon) · Performance and safety testing (compressors) · GC analysis (essential oils)

Exact values for each parameter are fixed in the sales contract and confirmed by batch test reports before loading. Independent inspection (SGS, Intertek) available.

Packaging

- Jumbo bags and HDPE bags for minerals and carbon
- Drums and IBC tanks for oils and tallow
- Wooden crates and pallets for compressors and equipment
- Packing and marking to destination standards

Documents supplied

Commercial invoice, packing list, certificate of origin, bill of lading or airway bill, test reports, and product-specific certificates (phytosanitary, health, fumigation) where required.
